FRIPP ISLAND PROPERTY OWNERS ASSOCIATION (FIPOA)

The FIPOA is governed by an elected Board of Directors, consisting of 10 owner-members. All property owners are members of the association upon full payment of current established annual assessments. If you would like to access the current Bylaws, Rules and Regulations, and Covenants, you may do so by visiting our website (www.FrippIslandLiving.com). The FIPOA web site provides valuable information including: access to ordering guest passes, the latest board meeting minutes, information about clubs, local nature, the latest issue of The Trawler, forms to obtain owner decals, links to other Fripp sites and more.

The FIPOA office is open Monday through Friday from 8:30AM to 4:30PM, located at 225 Tarpon Blvd. Contact us at (843) 838-4155; FAX (843) 838-9072; email contact@frippislandliving.com.

Fripp Island Architectural Review Board (ARB)

The purpose of the Architectural Review Board is to implement covenants and carry forth responsibility of design review set forth in the restrictive covenants of Fripp Island. The FIPOA Board of Directors appoints the ARB members.

ARB meetings are held the first and third Thursday of each month at 8:30AM in the FIPOA Boardroom. Submittals must be received in the FIPOA office by 4:30PM the Wednesday, a week prior to the meeting. If not received by 4:30PM it may be deferred to the next meeting of the Board. The ARB can be reached by calling ARB Administrator, Meghan Johnson (843) 838-4155 or email mjohnson@frippislandliving.com.

ROADS, CROSSOVERS & LAGOON CONCERNS

Fripp Island Property Owners Association (FIPOA)
FIPOA is responsible for roads, beach accesses and most lagoons
that are not on the golf courses.

MISSION STATEMENT

The Mission of FIPOA is to preserve and enhance the property values and quality of life for all owners/members by means of a trained security force, an efficiently run and financially strong POA, maintenance of a modern infrastructure, availability of high-quality desired amenities, fair and consistently enforced covenants and being proactive stewards of the natural environment.

VISION

The FIPOA envisions a community that offers an inspiring and essential lifestyle in a natural setting, which fosters positive community engagement in collaboration with the Fripp Island Resort, Fripp Island Public Service District, the Fripp Island Community Centre and other Island organizations.

VALUES

In pursuing its mission, FIPOA will value integrity, transparency, fairness, consistency, respect, collaboration, firmness, common sense, professionalism and community participation in all its endeavors.

FRIPP ISLAND ARB'S FREQUENTLY ASKED QUESTIONS

Q: Do I need ARB approval to repaint or re-roof my house the same color/material as it is now?

A: No, but you still need to complete and application and post a permit; There is no cost.

Q: When must an application be turned in to be reviewed at the next ARB meeting?

A: Applications must be received in the ARB office by 4:30 PM the Friday prior to the meeting. If not received by 4:30 PM, it may be deferred to the next meeting of the ARB.

Q: Do I need approval to remove a dead tree?

A: Yes, there is a tree removal application that needs to be completed and turned in for the ARB meeting. Mark the tree with tape for easy identification and your ARB representative will inspect the tree. It is also a good idea to submit a letter from an Arborist that states the tree is not salvageable.

Please note: If the tree trunk is within 10 feet of the roof line of the house or garage, ARB approval is not needed. When removing any tree please contact Beaufort County's Zoning Department at (843) 255-2170 to inquire about required permits.

Q: Do I need ARB approval to resurface my driveway?

A: If you currently have a concrete or non-pervious driveway, the ARB will have to review your submittal for resurfacing. If you are replacing a pervious drive to match the existing driveway a permit can be issued as soon as an application is received. If you want to change the material or color of the driveway, the ARB must review your submission at its regularly scheduled meeting. Please submit a sample material for the approval process.

- The use of pervious surfaces should be the first course to consider when designing or replacing driveways. If desired, concrete garage floors and entrance pads are acceptable.
- Acceptable pervious materials are: gravel grids, pervious concrete, pavers, bricks and crushed gravel. All offer improved drainage and water runoff versus concrete.
- Concrete driveways are still acceptable but it depends on the water runoff. A current concrete driveway does not automatically guarantee a concrete replacement.
- If pervious material is used instead of concrete an anchored border is required.

Q: How much time do I have from the approval date to start and finish a project?

A: Conceptual approval for a project is good for 12 months. Once a permit is issued the clock for project completion starts ticking. New home construction MUST be complete within 15 months of permit date; all other projects have 9 months to be complete. Unless you complete a permit extension request, a fine will be assessed on a daily basis for any project that goes on beyond the allotted time frame.

Q: If the conceptual approval expires, do I have to re-apply and go through the review process again?

A: Yes

Q: If I want to demolish an existing home to make room for new construction, will I need a permit?

A: A demolition permit is required before you can demolish an existing structure. A permit fee of \$100 must be submitted along with a copy of a Beaufort County demolition permit and a current tree and topo survey.

Q: What is the minimum square footage I can build?

A: Each subdivision has its own requirements that are laid out in the Covenants.

Q: Does the ARB have height restrictions?

A: Yes, no building may exceed 36 feet in height from the average existing grade and final grade to the peak of the roof, except a 4' maximum variance may be granted by the ARB if an approved sprinkler system is installed.

Q: Are setbacks for new homes and additions measured to the exterior wall or the roof overhang?

A: Setbacks are measured to the exterior wall.

Q: Do I need a permit to repair or replace material on the exterior of my home?

A: Yes, you will need a permit for any exterior maintenance and repairs. A permit can be issued without ARB review as long as the repairs do not change the look of the property. If a change to the exterior is being made, ARB review will be needed before a permit can be issued.

Q: What do I need to do if I want to change the color of my home?

A: Complete the Exterior Alteration/Improvement Application and submit a paint sample. Samples are to be a minimum of 8 1/2"x11" or you can paint a section on your home. A permit fee of \$50 must be submitted with the application for new paint color approval.

OTHER FIPOA FREQUENTLY ASKED QUESTIONS

Q: When are the POA vehicle decals renewed?

A: The current vehicle decals are valid October 2024 thru Fall of 2026

Q: How do I apply for POA vehicle decals as a new homeowner?

A: Once you close on your new property you can visit the POA office in person, online, or email us and we will be happy to assist you. Each property is allowed (5) free vehicle decals.

Q: When are the annual Homeowner Assessments due?

A: The annual assessments are billed in November and are due January 1st of each year.

Q: Is there a list of preferred contractors on the island?

A: You can visit our website frippislandliving.com for is list of approved contractors under owners resources on the website. *These contractors are not endorsed by FIPOA, but rather they have requested to be on our list for homeowners.*

Q: Do I pull out the trash to the curb on trash days?

A: No. We have backdoor service. The trash recepticals have to be in the enclosed area at all times.

Access fees for employee vehicles and commercial vehicles for the purpose of providing products and services exclusively for the owners, from time to time, of the Marina area, the Springtide area, the Beach Club area, the Ocean Point area and the Ocean Creek area (the "Resort Properties") are waived as being included in the commercial assessment for each Resort Property in accordance with the 1983 Agreement and other agreements, which have been negotiated with the Fripp Island Property Owners Association. This includes commercial vehicles and vehicles of employees exclusively working for the owners of the Resort Properties and employees exclusively working for businesses operating under contractual arrangements with the owners of the Resort Properties. The names of commercial vehicles and these employees appear on a list provided to the FIPOA by the owners of the Resort Properties and shall be added to from time to time.

No person entering Fripp Island in a vehicle with a business, commercial or contractor decal shall be allowed to engage in any activity on Fripp Island other than business, commercial or construction. A violation of this prohibition will result in the revocation of such privileges for that person or business entity, or both.

DELIVERIES

Beware of vendors who promise free delivery of goods! They must still pay Fripp access fees and may try to pass that fee on to you. Discuss this at the time of purchase.

If a contractor comes to the gate unprepared to pay the access fee, they will not be turned away—if we are able to contact the property owner and get assurance that the owner will pay the fee in a reasonable time. (Within 14 Days of Delivery).

FIPOA Security will send you a notification of IOU by email. Please make checks payable to FIPOA. You can stop by the office to pay with cash, check or credit card or mail to:

FIPOA: Attn SECURITY
225 Tarpon Blvd,
Fripp Island, SC 29920

If you have an emergency, please call Security to ensure gate access.

Contractors can only work on the weekend if permission has been given by Security.

Contractors must also be put on a weekend worklist after permission is given, and quiet work is only allowed. If you have questions, please call Security at 843.838.2334.

PARKING

Handicap Access is available at Beach Access 15 on Rock Beauty Road. There is dedicated handicapped parking and a level sand path. Visitors need to go to the security office at 225 Tarpon Blvd. to register for a handicap sticker to park at Rock Beauty. Please be aware of the parking signs that designate whether it is Golf Carts only, or Golf Cart and Regular Vehicle Parking.

THE NATURE OF FRIPP

As distinct as every personality on Fripp Island may be, we all have one thing in common: we respect and celebrate the island's nature/wildlife. We strive to live in balance with our South Carolina environment and protecting its beauty.

Every home on the island is surrounded by scenic views and lush, natural landscapes. Marshes, beaches, golf courses, maritime forest, open spaces, and homes are hidden off-the-beaten-path.

As homeowners, you will quickly get to know all the island's wildlife; nature is just outside your door. Deer, raccoons, alligators, loggerhead sea turtles, and flocks of birds are among your neighbors.

A morning bike ride, swim, golf or tennis game, or walk along Fripp's many paths and trails keep you in constant contact with the abundant wildlife and spectacular Lowcountry landscape that surrounds you. Take a moment over the next few pages to read and discover about our conservation efforts, the do's and don'ts with wildlife and our habitats, and most importantly, how you can continue to embrace the environment as a precious and unique resource.

In 2013, the National Wildlife Federation (NWF) certified Fripp Island as a Community Wildlife Habitat after months of work of a prior task force on the island. This is a coveted, nationally-recognized honor; at that time, there were just three exclusive certified SC communities: Kiawah, Callawassie, and Briarcliff Acres. Fripp Island was fourth in the state of South Carolina to be named. Today we find six Certified Community Wildlife Habitats in SC and 135 across the nation.

Will You Join Us and Register Your Property With The National Wildlife Federation?

It is super simple, takes less than 5 minutes online, and requires a \$20.00 donation to the NWF. They used to call this program Backyard Habitat, but now that has evolved into the Garden for Wildlife. But no need to have a yard or a garden; a condo balcony will work just as well. Visit <https://www.nwf.org/garden> to register.

As we raise Fripp's profile as a Wildlife Focused & Friendly Community, we believe everyone benefits as we attract visitors and future owners who are eco-friendly. Folks who would like to go birding as they golf; folks who tend to walk lightly on the land and be gentler with our wildlife.

There is a certificate of recognition and a one-year subscription to their excellent magazine, discounts at their store, and an opportunity to purchase a sign to display in your yard.

WILDLIFE

SEA TURTLES

Dozens of giant loggerhead turtles come ashore on Fripp each spring and summer to lay eggs. The Fripp Island Loggerhead Patrol, a large group of volunteers under the auspices of the South Carolina Department of Natural Resources, educates the public and protects the turtles. Mama loggerheads weigh between 250 and 350 pounds and return to the beach's vicinity, where they were hatched to lay their eggs. The hatchlings are just a few inches long and are drawn to the sea by the celestial light but can be disoriented by artificial light. Beaufort County's lighting ordinance requires no light be visible from barrier island beaches, thus the Loggerhead Patrol's reminder, "lights off on the beach."

Fripp Island Loggerhead Patrol

A dedicated team of trained volunteers goes out early each morning during the season (mid-May to mid-August) when loggerhead females may be laying eggs to locate and mark nests, and be sure that they are safely above the high tide. The incubation period for the eggs is between 45 and 70 days. Hatchlings emerge from the nest at night and are drawn to the sea by celestial lights. Volunteers can be identified by their turquoise Fripp Turtle Patrol shirts.

LIGHTS OUT! MAY-OCTOBER 10:00PM-6:00AM

Sea Turtles need a clear dark path beyond the high tide line at night.

When leaving the beach at the end of the day, visitors are asked to knock down the sand castles you built, fill in the holes you dug, take your trash off the beach and remove tents and chairs.

When you go for your nightly beach walk please leave the flashlights off, and if you should happen upon a sea turtle do not approach as this will disrupt her egg laying process. When the nest hatches, the hatchlings are just a few inches long and are drawn to the sea by celestial light, but can be disoriented by artificial light. Beaufort County's lighting ordinance requires no light be visible from barrier island beaches, thus the Loggerhead Patrol's reminder, "lights off on the beach." **Violations subject to \$100 fine and property confiscation.**

DOLPHINS

Fripp Island is surrounded by and contains diverse and interesting wildlife, one the largest and most intelligent of these creatures is the bottlenose dolphin. In the waters around Fripp, there are two primary populations that are here year-round: a harbor population and marsh population. Though bottlenose dolphins are the most common dolphin species and can be found in temperate and tropical waters across the globe, our populations exhibit a feeding behavior that is not found anywhere in the world except for a small stretch of the U.S. Atlantic coast.

This technique is called strand feeding and involves a pod of dolphins chasing a school of fish onto a bank, such as beach or muddy shore. Then, with a massive burst of energy, they take turns heaving their bodies onto land to catch the stranded fish. This unique type of hunting raises the question of how these behaviors are passed on between generations: are they taught or inherited?

It's an amazing display of synchronicity and timing. It's claimed to primarily happen only here in the Lowcountry and around coastal Georgia. However, it has been reported in a few other places around the world as well. If you ever see this in our area, consider yourself lucky!

Strand feeding is a sight to behold.

ALLIGATORS

A reptile with prehistoric lineage, the alligator has a very distinctive appearance with its armored lizard-like body and a long muscular tail and powerful jaws. Hundreds of alligators make their home in the lagoons and ponds on Fripp Island. While fascinating creatures, alligators are dangerous and it is illegal to feed them. They also can be found on the beach in standing water or tidal pools.

While visiting Fripp Island, please keep away from all lagoons, ponds and standing water (tidal pools) especially on our beach. There is no fishing, crabbing, swimming or wading in these waters. Just because you cannot see an alligator, it does not mean that one is not there.

For your own safety, please keep yourself, children and pets away from our lagoons, and pay extra attention to alligator presence on the beach.

DO NOT FEED THE ALLIGATORS.

Feeding or harassing alligators is dangerous and illegal. Once fed, the alligator connects humans with food and loses its fear of them.

If you witness anyone feeding or harassing alligators, please contact Fripp Island Security (843) 838.2334.

VIOLATORS WILL BE SUBJECT TO SCDNR FINES, LOCAL FINES AND/OR 30 DAYS IN JAIL.

DEER

A large herd of whitetail deer live on Fripp Island. Island deer tend to stand smaller than those found further North. Their coats change with the seasons. In winter, coats are darker so the sun's heat is absorbed. In the Spring, that coat is shed for one lighter in color to reflect that light. Dusk is the best time to see deer. Look, **BUT DO NOT FEED OR TOUCH THEM.** While they may seem domesticated, the deer are wild and must be treated with respect.

BIRDS

Fripp Island is a bird sanctuary abounding with shorebirds, songbirds, and marsh birds, and is one of the largest undisturbed marsh and coastal areas on the Atlantic Coast. Over 80 species of birds can be seen on Fripp.

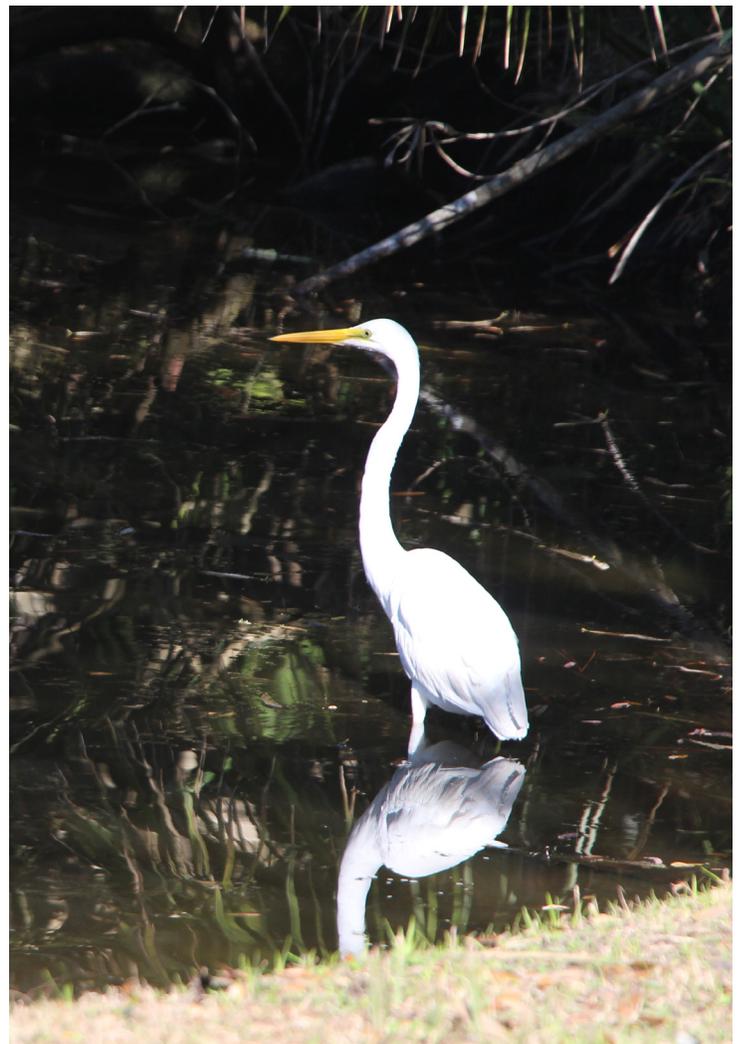

In 2010, the National Audubon Society identified Fripp as part of an "Important Bird Area." Soaring bald eagles and ospreys, painted buntings that appear in the spring, migrating shore birds, brown pelicans and wood storks which both were once endangered, as well as numerous egrets and blue herons, are among the many birds to be seen on Fripp Island.

FISH

The waters around Fripp Island have long been known as a fisherman's paradise.

In addition to crabs and shrimp, fishermen catch all kinds of fish, from trout and blacktip shark to Spanish mackerel, sheepshead, and flounder.

*some groups and clubs may be available for participation in conjunction with membership at Fripp Island Resort. Please note the * where that is required.

Also please note that not all organizations have a website.

AUDUBON CLUB

The goal of the Fripp Audubon Club is to provide the opportunities for study, observation, and conservation of the flora and fauna of the South Carolina low country. All of our programs are open to the public.

COMMUNITY CENTRE

The Fripp Island Community Centre and All Faith's is the only facility on Fripp Island that is completely owned and operated by the residents. This is the place where residents and visitors gather for weekly vesper services, meetings of community organizations, exercise groups, bridge games and special events. This is also where the community celebrates weddings and mourns the passing of friends.

COMM. CENTRE DINNERS

The Centre is considered to be the social center for island residents. No membership dues are required, everyone is welcome. The monthly Community Centre Dinners is just one example of events for everyone on the island.

FRIENDS OF MUSIC

Fripp Island Friends of Music arranges for performers to visit a Beaufort County school on the morning after a Fripp concert. With performances tailored for the younger ages, these talented musicians captivate their student audiences, exposing them to a world beyond the Sea Islands. In addition to school visits, Fripp Island Friends of Music supports local young musicians with scholarships and financial contributions.

FRIPP ISLAND WOMEN'S GOLF ASSOCIATION - 18 HOLE

The Fripp Island Women's Golf Assn. is made up of full and part time residents. The 18 hole play day is Tuesdays, and a rotation of courses between the Point and Creek occurs on a monthly basis.

The first Tuesday of each month is a low gross/ low net event. The following weeks are always fun and interesting games and formats. There are four major tournaments and a Member/Guest event. Throughout the year there are two member meetings, luncheons and social events.

Available to those members of the FI Resort

LADIES 9 HOLE GOLF

Please contact the FIR Pro Shop or Louise Flynn for more information on the group.

Available to those members of the FI Resort

MENS 9 HOLE GOLF

The group offers an opportunity for people to play just nine holes in a shorter time commitment than the 18-hole leagues in a fun environment. If you have been thinking about joining the group, now is the time! There are 40 members of the group currently that has an annual dues of only \$15 per year. The Foretees website is being used for the men's nine-hole group. To sign up to play every Wednesday morning go to the website at : <http://web.foretees.com/frippislandresort/>

**Available to those members of
the FI Resort**

FRIPP ISLAND MEN'S GOLF ASSOCIATION

The Fripp Island Men's Golf Association (FIMGA or simply MGA) has about one hundred members of all ages and ability levels. The association works closely with the Fripp Club and the golf pros to organize events every Monday! Special events occur throughout the year as well!

Available to those members of the FI Resort

F.I. SEA RESCUE

Fripp Island Sea Rescue is an all-volunteer organization based on Fripp Island, South Carolina. The primary mission is to help boaters in distress. FISR conducts search and rescue, and training operations in conjunction with Beaufort County 911, the Fripp Island Fire Department, South Carolina DNR and the US Coast Guard.

SEA TURTLE PATROL

If you want to help with the sea turtle conservation effort at Fripp Island, you can walk with the Fripp Island Loggerhead Patrol every morning at Beach Access 15 beginning at 6:15am. Operating under a permit from the South Carolina Department of Natural Resources (SCDNR) the 20+ volunteers patrol the beach each morning looking for signs of sea turtle activity.

WOMEN'S CLUB

The Fripp Island Women's Club (FIWC), a social and service organization, welcomes all women to participate in educational and outreach programs. The FIWC's fundraising efforts help support environmental beautification on Fripp Island, as well as the humanitarian needs of Fripp Island and local non-profit organizations.

FRIPP ISLAND POA COMMITTEES & TASK FORCES

APPEALS COMMITTEE

The purpose of the committee is to review and hold hearings, when deemed necessary, to consider the facts, and circumstances giving rise to the appeal, and the rule, regulation, or policy under which a citation was issued.

ARCHITECTURAL REVIEW BOARD

The purpose of the Fripp Island Architectural Review Board (ARB) is to implement the covenants and carry forth responsibility of design review as set forth in the Restrictive Covenants of Fripp Island.

Meghan Johnson, ARB Administrator

FINANCE COMMITTEE

Provide financial guidance and support to the FIPOA Board and other committees. Update FIPOA Financial Policies and Procedures to reflect recent By-Law (and other) changes, and submit to FIPOA Board for approval. Review Investment strategy, in light of present and projected future reserve levels. Continue to improve and streamline FIPOA financial procedures, budgeting processes, and internal controls.

ELECTION COMMITTEE

The purpose of the committee is to create the Nominee Application, ballots and help the General Manager with setting the election schedule. The committee is also responsible for communication before and during the election process.

SHORELINE COMMITTEE

To provide the General Manager and FIPOA Board of Directors with general oversight of the shoreline concerns of Fripp Island to ensure that shoreline items such as access, dunes, and coastal flooding/erosion issues are being maintained/addressed and to make recommendations for long term care and solutions.

COMMUNITY INVOLVEMENT TASK FORCE

To create a process to integrate new property owners into the community and establish a sense of community among all property owners in the Fripp Island community

WILDLIFE, ENVIRONMENT & GROUNDS COMMITTEE

The purpose of the Wildlife, Environmental & Grounds Committee is to support the General Manager and the Board of Directors in pursuing the education of FIPOA Members and guests regarding wildlife and the environment, including cleanliness, health, and safety of our beach. Additionally, the goal is to provide the GM with general oversight and advice regarding the condition and health of the common areas and grounds and make recommendations on the long-term and maintenance of such common areas and grounds.

ROADS, DRAINAGE & BRIDGE COMMITTEE

To provide the General Manager with general oversight of the roads and drainage concerns on Fripp Island, and to insure that such roads and drainage systems are in a state of good repair and to make recommendations on the long-term care and maintenance of such roads and drainage systems

STRATEGIC PLANNING TASK FORCE

The primary purpose of the SPC is to advise and assist the Board in identifying, understanding and recommending approaches to strategic issues, both internal and external, related to the Association's responsibilities, that may have a bearing on the continued well being and efficient operation of the Association.

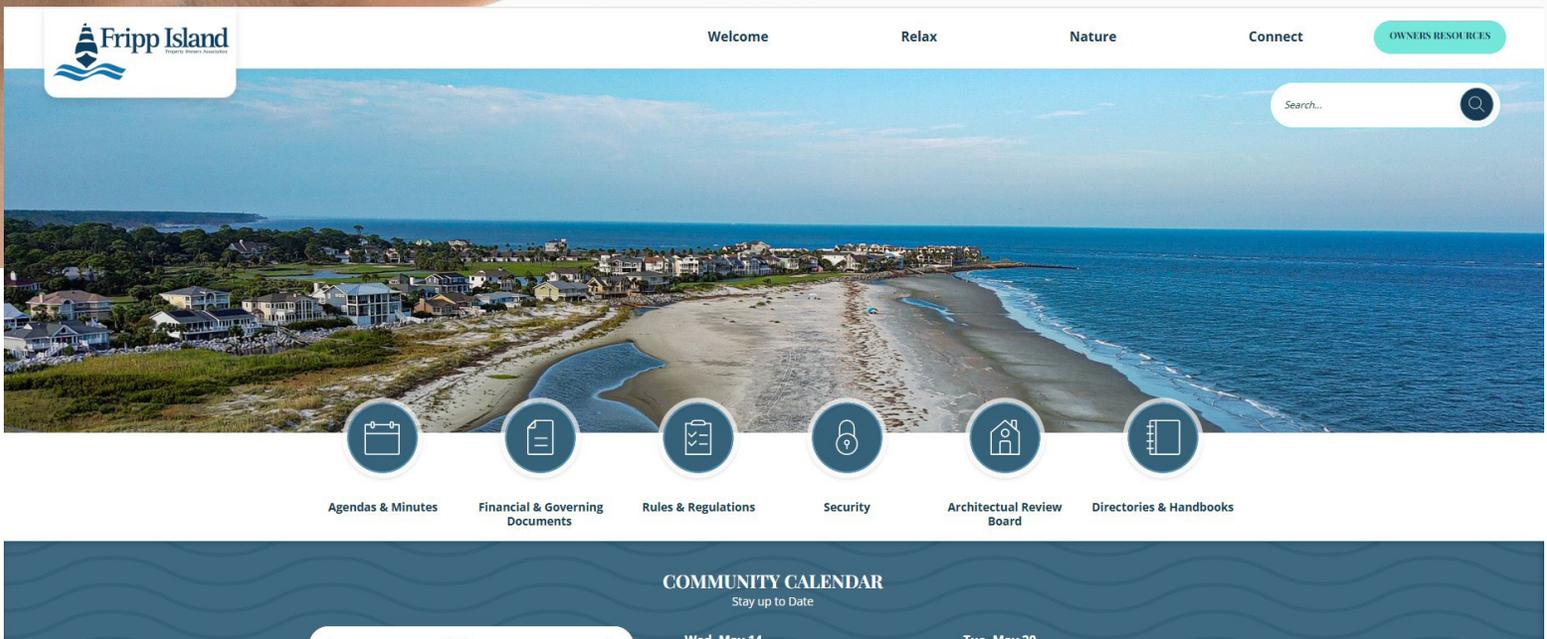

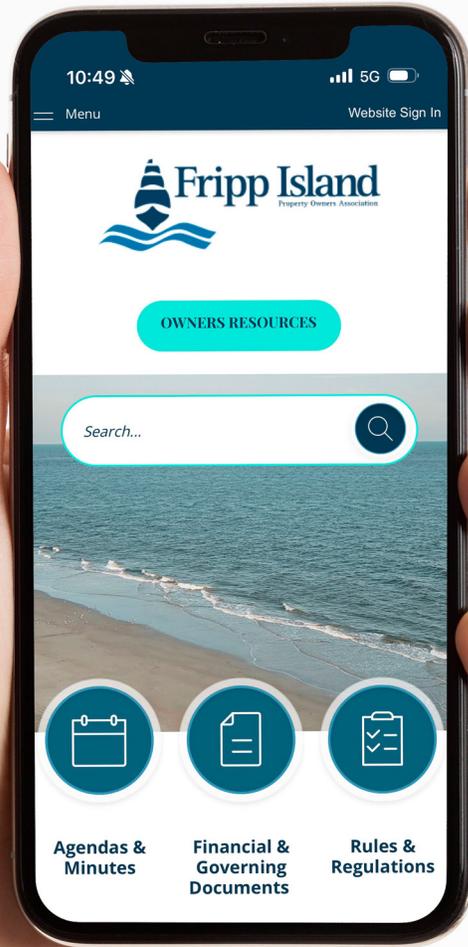

GET INVOLVED

We all love Fripp, but it wouldn't be the place it is today without the support and commitment of our island volunteers. What better goal would it be to support the place you love and VOLUNTEER to your island committees?

Please consider joining one of our groups as a volunteer. We need your help and you will find it well worth your time! To apply, please fill out the form online.
