

WILDLIFE

Designated as a Wildlife Sanctuary, Fripp hosts more than 175 species of birds living along the ocean and great salt marsh. On any given day, you can spot majestic brown pelicans flying in formation or great blue herons, snowy white egrets and wood storks stalking their next meal. Residents and guests of Fripp Island share this extraordinary habitat with a wide variety of wildlife, including: alligators, poisonous snakes, turtles, dolphins, fish, deer, raccoon and birds.

DO NOT FEED ANY WILDLIFE. VIOLATORS WILL BE SUBJECT TO FINES.

SEA TURTLES

LIGHTS OUT! MAY-OCTOBER 10:00 PM - 6:00 AM

Sea Turtles need a clear dark path beyond the high tide line at night. When leaving the beach at the end of the day, visitors are asked to knock down the sandcastles you built, fill in the holes you dug, take your trash off the beach and remove tents and chairs.

When you go for your nightly beach walk, please leave the flashlights off, and if you should happen upon a sea turtle, do not approach as this will disrupt her egg-laying process. When the nest hatches, the hatchlings are just a few inches long and are drawn to the sea by celestial light, but can be disoriented by artificial light. Beaufort County's lighting ordinance requires no light be visible from barrier island beaches, thus, the Loggerhead Patrol's reminder, "lights off on the beach". **Violations subject to \$100 fine and property confiscation**

ALLIGATORS

You can expect to find alligators in our lagoons, but did you know we have alligators in the standing water on our beach? While visiting Fripp Island, please keep away from all lagoons, ponds and standing water (tidal pools) especially on our beach. There is no fishing, crabbing, swimming or wading in these waters. Just because you cannot see an alligator, it does not mean that one is not there. For your own safety, please keep yourself, children and pets away from our lagoons, and pay extra attention to alligator presence on the beach.

DO NOT FEED THE ALLIGATORS.

Feeding or harassing alligators is dangerous and illegal. Once fed, the alligator connects humans with food and loses its fear of them. If you witness anyone feeding or harassing alligators, please contact Fripp Island Security (843) 838-2334.

VIOLATORS WILL BE SUBJECT TO SCDNR FINES UP TO \$200.00 OR 30 DAYS IN JAIL.

RIP CURRENTS

BEACH FIRST AID

Stingray: Hot water, venom is neutralized by heat. You may need a tetanus booster.

Jellyfish: NO TAP OR BOTTLED WATER! Use ocean water to flush away stingers. A credit card can be used to scrape away stingers. Use a cool diluted white vinegar compress to soothe.

Shark: Call 911. Rescue is on island. Apply continuous pressure to the wound. Stay calm.

GETTING AROUND FRIPP
